

# eCDRweb Webinar

May 08, 2012

Office of Chemical Safety and Pollution Prevention

# Agenda

- Welcome and Overview
- eCDRweb highlights
  - Browser-based application
  - Security
  - Roles
- Demo of CDX Registration and CDR Web Tool
- Resources
- Questions and Answers

## eCDRweb Highlights & Security

- Browser-based application
- Submission of eCDRweb data facilitated via EPA's Central Data Exchange (CDX)
  - Enables companies to electronically submit data
  - Provides secure exchange of confidential business information (CBI) data
  - Improves security using digital encryption
    - All data is encrypted in transit to federal standards
    - Sensitive data is encrypted to federal standards
    - All sensitive data remains encrypted until it is behind at least 2-3 firewalls

## eCDRweb Roles & Responsibilities

- Primary Forms (Form U Sections 1-3)
  - Primary Authorized Official (AO)
  - Primary Support
- Secondary (Joint) Forms (Form U Section 4)
  - Secondary Authorized Official
  - Secondary Support

## Demo of CDX Registration and eCDRweb Tool

## Demo of CDX Registration

Primary Authorized Official

## Central Data Exchange Home

### Get Started with CDX

Log in with your username and password. If you do not already have an account, please click on "Register with CDX" to create one.

### Welcome

Welcome to the Environmental Protection Agency (EPA) Central Data Exchange (CDX) – the Agency's electronic reporting site. The Central Data Exchange concept has been defined as a central point which supplements EPA reporting systems by performing new and existing functions for receiving legally acceptable data in various formats, including consolidated and integrated data.

#### Notice

For more information on radiation and accessing radiation monitoring data, please visit: [RadNet](#).

#### Warning Notice and Privacy Policy

##### Warning Notice

EPA's Central Data Exchange Registration procedure is part of a United States Environmental Protection Agency (EPA) computer system, which is for authorized use only. Unauthorized access or use of this computer system may subject violators to criminal, civil, and/or administrative action. All information on this computer system may be monitored, recorded, read, copied, and disclosed by and to authorized personnel for official purposes, including law enforcement. Access or use of this computer system by any person, whether authorized or unauthorized, constitutes consent to these terms.

##### Privacy Statement

EPA will use the personal identifying information which you provide for the expressed purpose of registration to the Central Data Exchange site and for updating and correcting information in internal EPA databases as necessary. The Agency will not make this information available for other purposes unless required by law. EPA does not sell or otherwise transfer personal information to an outside third party. [[Federal Register: March 18, 2002 \(Volume 67, Number 52\)\]](#)[[Page 12010-12013](#)].

# Terms & Conditions

The access and use of CDX Registration for the electronic submittal of environmental information require the creation of a user ID and password that I must maintain and keep confidential. I will review the following steps concerning the creation and maintenance of a user ID and password.

## Warning Notice

EPA's Central Data Exchange Registration procedure is part of a United States Environmental Protection Agency (EPA) computer system, which is for authorized use only. Unauthorized access or use of this computer system may subject violators to criminal, civil, and/or administrative action. All information on this computer system may be monitored, recorded, read, copied, and disclosed by and to authorized personnel for official purposes, including law enforcement. Access or use of this computer system by any person, whether authorized or unauthorized, constitutes consent to these terms.

## Privacy Statement

EPA will use the personal identifying information which you provide for the expressed purpose of registration to the Central Data Exchange site and for updating and correcting information in internal EPA databases as necessary. The Agency will not make this information available for other purposes unless required by law. EPA does not sell or otherwise transfer personal information to an outside third party. [\[Federal Register: March 18, 2002 \(Volume 67, Number 52\)\]](#)[\[Page 12010-12013\]](#)

## Terminating my CDX Account

I agree to notify CDX within ten working days if my duties change and I no longer need to interact with the CDX on behalf of my organization. I agree to make this notification via either the CDX web interface or by notifying the CDX Technical Support staff at 1-888-890-1995. This notification will allow CDX to deactivate my account and protect it from potential abuse by others.

I have reviewed these terms and conditions.

# LexisNexis® Identity Proofing

This particular registration requires additional proof of identity. Your options are to use LexisNexis®, an independent 3rd-Party electronic identity proofing service or print, sign and submit a signed form through U.S. Postal Mail to the U.S. Environmental Protection Agency.

**Note:** By clicking [Proceed to LexisNexis®] you understand the service is voluntarily and that you are validating personally identifying information including last 4 digits of SSN against a 3rd-Party service LexisNexis®, which will return evidence of validation of your personally identifying information back to the U.S. Environmental Protection Agency. The U.S. EPA will not collect or retain sensitive, personally identifying information such as SSN; however, EPA will receive evidence of identity and organization affiliation validation which may be used to identify you and your organization affiliation for legal purposes.

EPA uses third party sites to provide EPA content in a different format that may be useful or interesting to you. The information provided is consistent with the intended purpose of the EPA website. Please be aware that the privacy protection provided on third party sites that are not a part of the epa.gov domain may not be the same as the privacy protection described here.

## CDX ESA

This particular registration requires proof of identity and a CDX Electronic Signature Agreement. You have previously provided proof of identity to the U.S. Environmental Protection Agency, so you have two options: sign electronically, agreeing to adhere to the terms and conditions of CDX Electronic Signature Agreement or print, sign and submit a signed form through U.S. Postal Mail to the U.S. Environmental Protection Agency.

Once the ESA has been signed, either through electronic validation using the LexisNexis services or through wet ink signature, you will be authorized for your data flow. For any questions regarding the CDX ESA please contact the [CDX Help Desk](#).

## eSIG-PIN Entry

The eSignature process requires [eSignature PIN Verification](#). Please select exactly 5 questions. The questions that you select should be questions that you can remember, but difficult for anyone else to guess.

☐ What is the first and middle name of your oldest sibling?

☐ What is your favorite vacation destination?

☐ What year and model (yyyy-name) was your first car?

☐ What is your favorite TV show?

☐ Where did you first meet your spouse?

☐ What is your favorite book?

☐ What was your first pet's name?

☐ What is your favorite movie?

☐ What street was your high school located on?

☐ What is the name of your home town newspaper?

☐ What is your favorite hobby?

☐ What is the name of the hospital where you were born?

☐ Who is your favorite all-time entertainer?

☐ What was your high school's mascot?

☐ What is your favorite song?

☒ What is your best friend's last name?

☒ What is the last name of your favorite teacher?

☒ Where did you graduate from high school?

☒ What is your favorite pet's name?

☒ Who is your favorite author?

## CDX ESA

The CDX electronic signature agreement (ESA) is an agreement between yourself and CDX that will authorize your electronic signature. By signing the ESA you agree to adhere to the conditions listed on the agreement below. Once the ESA has been signed, you will be authorized to sign and/or encrypt information for your data flow. For any questions regarding the CDX ESA please contact the [CDX Help Desk](#).

(Name of Electronic Signature Holder)

- (1) Agree to protect the electronic signature credential, consisting of my Central Data Exchange (CDX) user identification and password, from use by anyone except me. Specifically, I agree to maintain the secrecy of the password; I will not divulge or delegate my user name and password to any other individual; I will not store my password in an unprotected location; and I will not allow my password to be written into computer scripts to achieve automated login;
- (2) Agree to contact the U.S. EPA CDX Help Desk at 1-888-890-1995 as soon as possible, but no later than 24 hours, after suspecting or determining that my user name and password have become lost, stolen or otherwise compromised;
- (3) Understand that I will be informed through my registered electronic mail (e-mail) address whenever my user identification or password have been modified;
- (4) Understand that CDX reports the last date my user identification and password were used immediately after successfully logging into CDX;

## Chemical Information Submission System

Please Choose a Submission Type

Chemical Data Reporting (CDR) ▼

OK

The Chemical Data Reporting (CDR) rule requires manufacturers (including importers) to report to EPA information concerning the manufacturing, processing, and use of certain chemical substances listed on the CSPP Chemical Safety and Pesticide Programs. Click OK to complete the CDR form, Form U, using the e-CDRweb software.

The software includes embedded help files and a downloadable user manual to guide you through the CDR submission process. Submit information for all reportable chemical substances at your site in one Form U. Note that a separate CDR submission is required for each reporting site. If you are not reporting on CDR, please select a different application in the drop-down menu.

### Paperwork Reduction Act Notice

The annual public burden for this collection of information, which is approved under OMB Control Number 2070-0162, is estimated to be approximately 137 hours per response for a full report and 54 hours per response for a partial report. A full report includes manufacturing, processing, and use information. A partial report includes manufacturing information and does not include processing and use information. According to the Paperwork Reduction Act, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information; processing and maintaining information; and disclosing or providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB number. The OMB control number for this collection appears above. In addition, the OMB control numbers for EPA's regulations, after initial display in the final rule, are listed in 40 CFR part 9.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing

## HOME

Welcome to the e-CDRweb application.

### Forms

Create, modify, or delete a form by clicking the **Forms** tab.

### User Management

Manage the access rights of Supports per facility. For every Support in each facility, the Authorized Official may give him/her the ability to edit (but not create or delete) the form.

### Resources

A helpful guide that describes the CDR system and provides useful links for further usability instruction.

#### Primary Authorized Official

A Primary Authorized Official has the ability to create, amend, and unlock forms (parts 1-3). The Authorized Official is the only person who can submit completed forms electronically. Finally, the Authorized Official has the ability to assign Supports to individual sites.

## USER MANAGEMENT

The Authorized Official is responsible for restricting a Support's access to select forms by assigning or unassigning them to each site. The Support can access and edit only those forms for which the Authorized Official has granted access. Select a site from the **Select Site** drop-down menu, and assign a Support to the site by highlighting the individual and clicking the **add** link. To unassign a Support, highlight the individual and click the **remove** link. To highlight and assign or unassign multiple Supports, hold down the **Ctrl** or **Shift** keys on the keyboard and click each Support before moving. You must click the **Save** button after each site assignment.

Site:

### Forms

TSCA Section 8(e) Reporting rule requires any person who manufactures (including imports), processes, or distributes in commerce a chemical substance or mixture and who obtains information which reasonably supports the conclusion that such substance or mixture presents a substantial risk of injury to health or the environment shall immediately inform EPA of such information unless such person has actual knowledge that the Administrator has been adequately informed of such information.

### User Management

Manage the access rights of Supports for each Section 8(e) Notice form. For every Support the Authorized Official may grant him/her the ability to edit (but not unlock, create, delete, or submit) the form.

### Resources

A helpful guide that describes the Section 8(e) Notice system and provides useful links for further usability instruction.

#### Authorized Official

An Authorized Official has the ability to create, amend, and unlock Section 8(e) Notice forms. The Authorized Official must also submit completed forms electronically. Finally, the Authorized Official has the ability to assign Supports to individual forms.

## 2012 CDR FORM U

If responding to an order for the first time in CDR, click the **Site** link located under the site column for a form that is **Not Started** in the below table.

To edit an **In Progress** form, click the site link in the **Site** column in the table below.

To access and edit a form previously **Submitted** through CDX, unlock the form by clicking the lock icon and enter your passphrase when prompted. All additional changes made to the form will be submitted as an amendment.

To download a Copy of Record for a submitted order, click the **green arrow** icon and enter your passphrase when prompted.

[Refresh Form List](#)

## CREATE PASSPHRASE

Please create a passphrase that has minimum of 8 characters and maximum of 20 characters in length. To better protect your account, your passphrase should contain a combination of letters and numbers. Your passphrase may include spaces, but should not contain special characters (for example, +, and \*).

New Passphrase:

●●●●●●●●

Confirm New Passphrase:

●●●●●●●●

A passphrase can only be created by an authorized official for a reporting site. Your passphrase will be used as an encryption key to protect the contents of your data. As an Authorized Official, you are responsible for remembering your passphrase and distributing it to only authorized supports for your site.

**Note: If you lose or forget your passphrase, you will not be able to access your 2012 CDR Form U to print, submit, or make changes. You will need to complete a new 2012 CDR Form U and create a new passphrase for the reportable chemical substance(s) at your site. For security reasons, the system administrator will not have access to your passphrase and will not be able to retrieve it or reset it to a new one.**

## Type of Process or Use Operation

To the extent that it is known to or reasonably ascertainable by you, use the drop-down menu to select the code which corresponds to the appropriate Type of Processing or Use Operation (TPU) for the particular combination of IS and IFC codes. Table 2-5 shows the codes and TPUs which appear in the drop-down menu. Note that if a chemical substance is fully reacted (i.e., reporting "PC" for the processing code), then the chemical substance is consumed and further processing and use information for that chemical substance will not exist. In such a situation, there is no further downstream processing and use information to be reported for that particular type of processing or use operation. A processing or use code may be reported more than once if more than one IS and/or IFC code applies to the same processing or use operation. To claim this information as confidential, check the **CBI box**.

**Table 2-4 Codes for Reporting Type of Industrial Processing or Use Operations**

| Code | Operation                                                               |
|------|-------------------------------------------------------------------------|
| PC   | Processing as a reactant                                                |
| PF   | Processing—incorporation into formulation, mixture, or reaction product |
| PA   | Processing—incorporation into article                                   |
| PK   | Processing—repackaging                                                  |
| U    | Use—non-incorporative activities                                        |

## Industrial Sectors

Select the code from the drop-down menu, which corresponds to the appropriate Industrial Sector (IS) for all sites that receive a reportable chemical substance from you, directly or indirectly (including through a broker/distributor, from a customer of yours, etc.) and that process and use of the reportable chemical substance to the extent that this information is known to or reasonably ascertainable by you. Table 2-6 shows the codes and sectors that appear in the drop-down menu. Because an industrial sector may apply to more than one processing and use scenario for a chemical substance, the same IS code may be reported with different combinations of IFC and TPU codes. To claim this information as confidential, check the **CBI box**.

**Table 2-5 Industrial Sectors (IS)**

| IS Code | IS Title                                                 |
|---------|----------------------------------------------------------|
| IS1     | Agriculture, Forestry, Fishing and Hunting               |
| IS2     | Oil and Gas Drilling, Extraction, and Support Activities |
| IS3     | Mining (except Oil and Gas) and support activities       |
| IS4     | Utilities                                                |
| IS5     | Construction                                             |

## CBI SUBSTANTIATION QUESTIONS

### Consumer and/or Commercial (3.B.1)

To claim this field as CBI you are required to answer all of the CBI substantiation questions that are displayed on the screen.

☐ Check here to prevent this message from displaying again.

OK

2. What harmful effect, if any, to your competitive position do you think would result from the information reported as required by 711.12(c)(4) and the chemical substance being disclosed in connection with reporting under this part? How could a competitor use such information? Would the effects of disclosure be substantial? What is the causal relationship between the disclosure and the substantial harmful effects?

## CBI SUBSTANTIATION QUESTIONS

## Consumer and/or Commercial (3.B.1)

1. Is the identified use of this chemical publicly known? For example, is information on the use available in advertisements or other marketing materials, professional journals or other similar materials, or in non-confidential mandatory or voluntary government filings or publications? Has your company ever provided use information on the chemical that was not claimed as confidential?

2. What harmful effect, if any, to your competitive position do you think would result from the information reported as required by 711.12(c) (4) and the chemical substance being disclosed in connection with reporting under this part? How could a competitor use such information? Would the effects of disclosure be substantial? What is the causal relationship between the disclosure and the substantial harmful effects?

## Chemical Information Submission System

Please Choose a Submission Type

Chemical Data Reporting (CDR)

OK

The Chemical Data Reporting (CDR) rule requires manufactures (including importers) to report to EPA information concerning the manufacturing, processing, and use of certain chemical substances listed on the CSPP Chemical Safety and Pesticide Programs. Click Ok to complete the CDR form, Form U, using the e-CDRweb software.

The software includes embedded help files and a downloadable user manual to guide you through the CDR submission process. Submit information for all reportable chemical substances at your site in one Form U. Note that a separate CDR submission is required for each reporting site. If you are not reporting on CDR, please select a different application in the drop-down menu.

### Paperwork Reduction Act Notice

The annual public burden for this collection of information, which is approved under OMB Control Number 2070-0162, is estimated to be approximately 137 hours per response for a full report and 54 hours per response for a partial report. A full report includes manufacturing, processing, and use information. A partial report includes manufacturing information and does not include processing and use information. According to the Paperwork Reduction Act, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information; processing and maintaining information; and disclosing or providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB number. The OMB control number for this collection appears above. In addition, the OMB control numbers for EPA's regulations, after initial display in the final rule, are listed in 40 CFR part 9.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden (including the use of automated collection techniques) to: Director, Collection Strategies Division, U.S. Environmental Protection Agency (Mail Code 2822), 1200 Pennsylvania Ave, N.W., Washington, D.C. 20460. Include the OMB control number in any correspondence, but do not submit the completed form to this address. The requested information should be submitted in accordance with the instructions accompanying the form, or as specified in the corresponding regulation.

## HOME

Welcome to the e-CDRweb application.

### Forms

Create, modify, or delete a form by clicking the **Forms** tab.

### User Management

Manage the access rights of Supports per facility. For every Support in each facility, the Authorized Official may give him/her the ability to edit (but not create or delete) the form.

### Resources

A helpful guide that describes the CDR system and provides useful links for further usability instruction.

#### Secondary Authorized Official

A Secondary Authorized Official has the ability to create, amend, and unlock forms (part 4). The Secondary Authorized Official is the only person who can submit completed forms electronically. Finally, the Secondary Authorized Official has the ability to assign Supports to individual sites.

## 2012 CDR FORM U

To edit an **In Progress** form, click the form link in the **Form** column in the table below.

| Form                           | Status                                                                                        | Modify Date | Submission Date | Copy of Record | Action                                                                              |
|--------------------------------|-----------------------------------------------------------------------------------------------|-------------|-----------------|----------------|-------------------------------------------------------------------------------------|
| <a href="#">Secondary Form</a> |  Not Started |             |                 |                |  |

## CREATE PASSPHRASE

Please create a passphrase that has minimum of 8 characters and maximum of 20 characters in length. To better protect your account, your passphrase should contain a combination of letters and numbers. Your passphrase may include spaces, but should not contain special characters (for example, +, and \*).

New Passphrase:

●●●●●●●●

Confirm New Passphrase:

●●●●●●●●

A passphrase can only be created by an authorized official for a reporting site. Your passphrase will be used as an encryption key to protect the contents of your data. As an Authorized Official, you are responsible for remembering your passphrase and distributing it to only authorized supports for your site.

**Note: If you lose or forget your passphrase, you will not be able to access your 2012 CDR Form U to print, submit, or make changes. You will need to complete a new 2012 CDR Form U and create a new passphrase for the reportable chemical substance(s) at your site. For security reasons, the system administrator will not have access to your passphrase and will not be able to retrieve it or reset it to a new one.**
